MY FAITH NETWORK

A SPECIAL APP CONNECTING LOCAL CHURCH COMMUNITIES

VERIFIED REVIEW
5.0 / 5.0

CASE STUDY

PROJECT SUMMARY

MyFaith Network is a social app connecting people in local church communities in the USA. It includes a search engine with many categories as well as an advanced chat system.

Our challenge was to find a solution for MyFaith Network, a Christian organization on the West Coast, that will help acquiring new members and give them the opportunity to connect, talk and meet each other in an easy and user-friendly way. All those guidelines brought us an idea to create a mobile app based on advanced search engine and extended chat options.

MyFaith Network app is full of elaborate social app functionalities, from creating detailed user profiles, including photo galleries, and searching through them to video chats and group messages. The app has also a self and convenient on-line donations module.

I am very happy with their performance. Ready4S was very good at creating schedules with milestones, and keeping me updated on them. They completed every task at the promised time

- Randy Kennison, CEO at Faith Organization

CLIENT'S OPINION

AN INTERVIEW WITH CLIENT BY CLUTCH.CO

BACKGROUND

Please describe your organization.

We are a social network.

What is your position?

I am the owner.

What business challenge were you trying to address with Ready4S?

My objective is to bring a site-based community into the 21st century.

SOLUTION

Please describe the scope of their involvement in greater detail.

Ready4S provided iOS and Android mobile app development, and web design services for us.

How did you come to work with Ready4S?

We found them through a service called AppFutura, which provides ranking lists of app developers.

Could you provide a sense of the size of this initiative in financial terms?

The total development cost was between \$10,000 and \$50,000.

What is the status of this engagement?

The work is complete. The app has not been launched yet.

RESULTS & FEEDBACK

Could you share any statistics or metrics from this engagement?

They delivered a great application on time and on budget. We are happy and so are the users.

How did Ready4S perform from a project management standpoint?

I'm very satisfied with their performance. Ready4S was very good at creating schedules with milestones, and keeping me updated on them. They completed every task at the promised time.

**They delivered a great application
on time and on budget.**

What distinguishes Ready4S from other providers?

They're very good at keeping the client posted on progress. There are no surprises whatsoever. I was never worried that my app was not going to be delivered.

Is there anything Ready4S could have improved or done differently?

I don't think so. They seem to have the experience and knowledge necessary to complete projects successfully, actually educating me on how these undertakings should be approached.
